Work Experience

International Network Manager at the Cyprus Telecommunications Authority since October 1994. Mr. Economides has been with the International Planning and Business Development department for the past 10 years. His main tasks included planning, negotiation and acquisition of international network facilities and services, feasibility studies for international projects, budget preparation costing and pricing of telecommunication services and management of a product portfolio of international capacity services.

Previously, briefly employed by Motorola Inc. (Austin, Texas) and by the University of Pennsylvania (part time).

Key Skills

Mr. Economides has been an active participant in negotiations with suppliers, customers and partners. He has represented CYTA in several meetings, both at home and abroad often times leading the delegation.

During this period Mr. Economides has participated in several cross-functional teams primarily related to costing of products, feasibility of projects, company valuations and strategic partnerships.
